

PHASER[®] 7700

TABLOID COLOR PRINTER

The first thing you'll notice is its outstanding print quality. Advanced laser technology delivers color and detail that snaps.

But, the true beauty of the Phaser 7700 is that its gorgeous print quality is matched by its stunning print speed. At 22 ppm, conventional lasers aren't even in the same class.

Other bright improvements include extremely versatile paper handling and smart software tools. Your entire workgroup can bombard this printer with all sorts of documents in an array of paper types and sizes and it performs effortlessly.

exceptional image quality

1200 dpi resolution guarantees crisp text and fine lines.

Image-enhancing Photo mode provides smooth tonal range and increased detail in photos and other continuous tone artwork.

Click print, and automatic behind-the-scenes color matching and auto calibration makes the appropriate adjustments. Colors stay consistent and accurate.

You'll sometimes want to fine-tune prints with your own settings. So the 7700 has precise color controls to match standard output devices, or to make custom adjustments. You can even compensate for unusual paper stocks or environmental conditions with the unique paper calibration feature. And PhaserMatch ICC 7700 allows you to create, save and edit your own profiles.

maximum performance

At 22 ppm print speed and a first-color-page-out-time of 13 seconds, the 7700 is the culmination of all our experience in speed-driven single pass printing.

Get effortless connection with standard 10/100Base-TX Ethernet, USB, plug and print driver installation, and easy auto-install.

Endowed with a high-performance 500 MHz G4 class processor, a 5 GB hard disk and up to a whopping 512 MB RAM, the 7700 handles memory-hungry documents quickly.

flexible paper handling and productivity tools

The 7700 is flexible enough to take you through design concepts to proofs, or to final publication and distribution-ready documents.

Standard automatic 2-sided printing makes quick work of brochures, newsletters and reports.

The 7700 is not paper sensitive: Special paper calibration feature lets it print precisely on everything from newsprint and bond paper to glossy paper, cardstock and envelopes with brisk efficiency. It accepts page sizes from postcard to 12 x 18 in.

The 7700 sports just about every feature that we've ever put in a color printer. Graphics features include Booklet printing, Proof Print, and PhaserPrint plug-in for Photoshop. And it fits into the office on-demand environment with stapling, collating, job offsetting, N-up printing, Secure Print, Saved Print, and Fax-friendly black.

CentreWare IS Embedded Web Server provides simple printer management for all of your network devices. Save time with configuration cloning and automatic installation, and access MailinX e-mail alerts, consumable status, printer configurations, job accounting, and automated support.

For enterprise-level printer management, server-based CentreWare Web software makes it easy for IT administrators to install, configure, obtain reports, and troubleshoot all Xerox and non-Xerox network devices simultaneously.

PrintingScout (instant pop-up Help), PhaserSMART™ (automated trouble-shooting tool), a full one-year on-site warranty and Xerox Total Satisfaction Guarantee are your seal of assurance that your printer will be on-line, all the time.

The **7700DN** base configuration comes with automatic 2-sided printing, two versatile paper input trays (150-sheet multi-purpose tray **1** and 500-sheet universal tray **2**), and an offset catch tray. The **7700GX** configuration adds a lower tray deck, containing three 500-sheet universal trays **345** for a total capacity of 2,150 sheets.

If you print a lot of multipage documents, you'll find the **7700DX** model tremendously useful. We added a High Capacity Feeder **1** to give you an additional universal tray and two letter size trays for a total 3150-sheet capacity. While a Finisher **2** simplifies your on-demand workload by stapling sets of up to 50 sheets and offset-stacking them for easy pick-up.

Phaser® 7700 COLOR LASER PRINTER SPECIFICATIONS

			
	7700DN	7700GX	7700DX
Print speed	22 ppm color / 22 ppm black-and-white		
First page out	13 seconds color / 10 seconds black-and-white		
Image processing	500-MHz G4 class processor, Adobe PostScript 3, PCL5c		
Memory Standard / Maximum	128 MB /512 MB RAM	256 MB /512 MB RAM	
Maximum resolution	600 x 1200 dpi and Photo Mode		
Network connectivity	10/100Base-TX Ethernet, Parallel, USB		
Automatic 2-sided printing	Standard		
Hard Disk	Standard 5 GB Internal hard disk		
Paper input capability	500 sheet universal tray, 150 sheet multi-purpose tray		
		1,500 sheet lower tray deck	2,500 sheet hi-capacity feeder
Productivity features	WorkSet, CentreWare IS Embedded Web Server, MailInX, PrintingScout, CentreWare Web		
		PhaserMatch ICC 7700	Finisher (Stacker/Stapler)
Monthly duty cycle	Up to 100,000 pages/month		
Standard features	Separation Pages, N-Up Printing, Booklet Printing, Watermark, Job Collation, Proof Print, Secure Print, Saved Print, Auto Tray Select, Job Accounting, Usage Analysis Tool, Job Pipelining, Extended Font Storage		
Warranty	One year on-site, Xerox Total Satisfaction Guarantee		

CONFIGURATIONS

SPECIFICATIONS

Network/Software
Printer management Xerox CentreWare Web Printer Management for Windows, Xerox CentreWare Printer Management for Microsoft, Novell and Unix, CentreWare IS Embedded Web Server (EWS), Xerox PrinterMap, and Xerox NDPS Gateway, Usage Analysis Tool
Font capabilities 136 Resident PS fonts and 45 PCL
Printer drivers Windows 9x (Peer-to-peer PhaserPort), Windows ME, Windows NT 4.0, Windows 2000, Apple EtherTalk (OS 8.x, 9.x, 10), Linux 5.2+, Sun OS 4.x Sun Solaris 2.4+, DEC, HP/UX 11.x, IBM AIX 4.2+, SGI, SCO, Novell NetWare 3.1x, NetWare 4.2x, NetWare 5.1, NDPS
Languages Genuine Adobe® PostScript® 3™, Color PCL5C emulation with automatic sensing and switching
Paper handling
Paper input <i>Standard</i> 500-sheet universal tray and 150-sheet multipurpose tray, <i>Standard</i> duplex module for automatic 2-sided printing <i>Optional</i> 1,500-sheet lower tray deck provides three additional universal trays (standard on 7700GX), <i>Optional</i> 2,500-sheet high capacity feeder provides one additional universal tray and two letter-size trays (standard on 7700DX), <i>Optional</i> Finisher (standard on 7700DX) staples sets of up to 50 sheets (24 lb bond/90 gsm) or 35 sheets (28 lb bond/105 gsm) in multiple positions
Media types In universal tray: 16 lb bond to 60 lb cover and 90 lb index (64-169 gsm) plain, coated and glossy papers, transparencies. In multipurpose tray: 16 lb bond to 80 lb cover and 110 lb index (64-220 gsm) plain, coated and glossy papers, transparencies, labels, envelopes, newsprint
Media sizes A/letter, statement, executive, 8 x 10 in, US Folio, Legal, B/Tabloid, Tabloid Extra (12 x 18 in), US Postcard (4 x 6 in), A6, A5, A4, A3, SP Folio, Office, B6, B5, B4, RA3
Paper output <i>Standard</i> 400 sheets face down, <i>Standard</i> Offset catch tray — 400 sheets face down with job and copy offset, <i>Optional</i> Finisher (standard on 7700DX) for 1,400 sheets total output capacity
Special features
Printing Scout instantly displays pop-up Help if attention is needed during print jobs.
Auto Install automatically gets you printing in minutes.
Productivity tools for the user: Proof Print, Secure Print, Saved Print, Booklet Printing, Watermark, Collation Printing, Fax-Friendly black, Separator Page, N-up Printing, Job Pipelining
Productivity tools for the IT manager: CentreWare IS EWB, MailInX E-mail Alerts, PrinterMap, CentreWare Web Printer Management

Color controls
Color standards PANTONE®-approved solid-color simulations, Adobe PostScript device-independent color, CIE international color standards, and support for ICC, ICM, and Apple ColorSync color management systems
Color correction TekColor Dynamic Correction Color Profiles, selectable from the driver: <i>Automatic, sRGB Display, sRGB Vivid, None, SWOP Press, Euroscale Press, Commercial Press, SNAP Press, DIC, Toyo, Black and White, Fax Friendly Black</i>
PhaserMatch ICC 7700 <i>Standard 7700GX, Optional 7700DN and 7700DX</i> color management for custom profiles
Operating
Dimensions width: 25.4 in. (644 mm), height: 19.4 in. (493 mm), depth: 26.9 in. (682 mm), weight: 180 lb. (82 kg)
Environment Temperature: Operating: 50° to 90° F (10° to 32° C), Non operating: -22° to 122° F (-20° to +50° C). Humidity: Operating: 10% to 85% relative humidity, non-condensing. Non-operating: 30% to 85% relative humidity, non-condensing. Sound Level: Printing: L _{wad} = 6.9 Bels (A), Standby: L _{wad} = 4.4 Bels (A).
Electrical 110-127 VAC, 110 VAC nominal. 200-240 VAC, 220 VAC nominal. Frequency range 50/60 Hz. Energy Star Standby mode.
Regulatory FCC Part 15, Subpart B (finisher class A), UL listed to UL 1950, CSA Certified to CSA—C22.2 No. 950, CE Mark applicable to directives 73/23/EEC and 89/336/EEC CDRH, EN 55022, NOM
Customer support
1-year On-site Warranty, online web technical support, telephone support, and color printing newsletter. Innovative service offerings include optional extended service agreements and custom training for your internal Help Desk. The Phaser 7700 printer is backed by the Xerox Total Satisfaction Guarantee.
