## A colourful choice...

Phaser® 8560

Phaser® 8560MFP

*Solid ink is earth-friendly. It generates 1/40th the waste of a typical colour laser device.*

Fuji Xerox offers a choice of value-packed office devices that deliver the utmost in productivity: The **Phaser 8560** printer gives busy workgroups a fast, affordable, easy-to-use colour printer that can expand from a desktop model to a four-tray, floor-standing powerhouse; the **Phaser 8560MFP** multifunction printer adds top-of-the-line copying, scanning and faxing for all your office document needs.

### Outstanding colour

**The Phaser 8560 printer and the Phaser 8560MFP multifunction printer give you precise details and rich, vibrant colours.**

- Count on superior output on everything from cover stock to recycled paper. Confidently handle colour projects in-house and reduce costs and increase efficiency.

- True Adobe PostScript 3 and automatic colour-enhancement tools ensure that colour-intensive documents print reliably and accurately.
- Produce fast, versatile prints for everyday jobs. When you really want to impress, switch to 2400 FinePoint print resolution mode.
- Nothing else on the market offers more consistent, vivid colour. The last page of a large print job looks as good as the first.

*Go ahead, get creative. Print on business card stock, postcards, labels, transparencies and more. You can expect the same brilliant output no matter what the media.*

## print

Phaser 8560

### A colour printer that meets the challenge

**The Phaser 8560 printer delivers fast, attention-grabbing results.**

- Pick up the pace with a first-page-out print time as fast as 5 seconds. Both black-and-white and colour print at up to 30 ppm.
- A 600 MHz processor and 256 MB of memory (upgradeable to 1 GB) provide the muscle you need for the most intense projects.
- Put off reloading paper, or swapping one size for another, with a combined paper-tray capacity of 625 sheets — a huge stack of paper for a device that sits on a desktop. Add third and fourth trays to increase capacity to 1,675 sheets.
- Handy productivity printing tools are standard, not expensive add-ons: job accounting, booklet printing, image smoothing and many more.
- Automatic two-sided printing saves time and reduces paper costs.

## print copy scan fax

Phaser 8560MFP

### Multiple functions, no waiting

**The Phaser 8560MFP will tackle your workload with an array of time-saving tools:**

- Access walk-up copying, scanning, or faxing functions when you need them, even while other jobs are printing. Spend your valuable time working, not waiting for your turn.
- See the first page of your copy job in as little as 15 seconds and the first page of your print job in as little as 6 seconds. Print black-and-white and colour at up to 30 ppm.
- Gather all those loose paper documents and scan them straight to your desktop, or to a public or private folder. Organize, edit, and distribute files with powerful onboard scanning tools.
- LAN Fax lets you send faxes directly from your PC.
- An array of productivity tools for all functions is standard.

### Superior design and ease of use

*Large paper trays let you print more without interruption.*

- 100-sheet Tray 1 for a wide range of custom media and sizes
- Generous 525-sheet Tray 2
- Add one or two 525-sheet trays
- for a total capacity of 1,675 sheets
