**Fuji Xerox Printers**

Fuji Xerox DocuPrint 203 A & 204 A monochrome laser printers. Two compact printers packed with clever performance-enhancing features, including an amazingly affordable price tag to match. Simply perfect for both home or office use!

**High speed, high performance**

- Fast print speed of 20ppm for optimal efficiency even when printing multi-page documents
- Fast first-page-out time of less than 10 seconds for quicker turnarounds and better productivity

**Smart on memory, smart on connectivity**

- Loaded with RAM for fast graphic handling and printing even when it comes to large and complex print jobs
- Speedy USB 2.0 for fast throughput and multi-platform compatibility for all Windows and Mac OS versions

**Superior outputs, superior versatility**

- High quality print mode yields an amazing 2,400 x 600dpi to give your documents that sleek and professional look
- Versatile handling capabilities for wide range of media with smooth and trouble-free operation whatever the job demands

**Big on features, small on costs**

- Big-printer features including store job, status monitor, image zoom, even \*built-in LAN capability, and more
- Whole range of cost-saving features including Toner Save and N-up (multiple page printing on a single sheet)

\*DocuPrint 204 A only
